

Music Advisory Board

The Music Advisory Board has met and considered several matters including band gradings for 2009, music for the State Band Championships in 2009, development activities for lower grade bands in 2009 and training for adjudicators and conductors. The recommendations will be tabled at the next Executive Council meeting.

The MAB also considered the benefits of wider participation in the MAB. As such, the MAB will invite interested people to join them for meetings to better understand the processes and deliberations.

It was also discussed that a mentor or buddy system between bands and conductors would have enormous benefits. The MAB will suggest how this can be implemented in 2009.

Chris Bowman
President - Victorian Bands' League Inc.
